WORK EXPERIENCE

Frontend Developer - Nestous, Nieuwegein/ Vancouver (June 2018 – current)

Developed a PWA for an IoT company called Nestous with Angular 6, Ionic 4, Angular Redux Store & Effects, and Highcharts. The app is a web & mobile & PWA which manages environmental parameter sensors installed in buildings and display live data from them.

Frontend Developer - Dorel.io, Amsterdam (February 2018 – May 2018)

Maintained and developed the hybrid Polymer SPA using the W3C standard web components; the SPA is a single-source responsive e-commerce website (https://www.maxicosi.com/us-en/) with multiple brands and languages. Worked with Polymer 1 & 2, Wordpress CMS, PowerReviews API, the custom elements library, and the cross-browser issues.

Frontend Developer - Open Web IT, Nieuwegein (September 2017- January 2018)

Developed a VOIP React-Native app by implementing WebRTC, CallKit, and PushKit Notification; the app allows receiving and having video calls through WebRTC with visitors of a building.

Developed the front-end for several in-house projects using Angular 4. Developed UI, managed the routing and connection to the back-end for a Dashboard page. All the code written in this project has been unit tested with Jasmine and Karma.

Frontend Developer - OhMyGeorge, Prague, CZ (December 2016 -May 2017)
Developed the front-end of a hybrid cross-platform mobile app and guaranteed the smooth user experience.

UX Design & Developer Intern - ExSitu - Situated Interaction Lab, Inria, Paris, France (March-August 2016)
Conducted *user studies,* designed the *user experience,* created *prototypes,* and developed a *web app* for attendees at CHI & UIST conference. March - August 2016. The demo paper is accepted at UIST'16 Conference.

Web Developer - ZigeXn Ventura Co., Ho Chi Minh City, Vietnam (February 2013 - April 2014)
Junior *Ruby on Rails developer* - built websites for Japanese and Vietnamese markets.

EDUCATION

Master of Human Computer Intereraction and Design - Université Paris-Sud, France (2015 - 2016)
